

KEVIE WHITE

In the world of volunteer organizations, you occasionally get what you pay for. Let me assure you that this is not the case when it comes to Kevie White, the radio voice of Los Exploradores Search & Rescue (LESAR). Kevie currently serves as Treasurer, Medical trailer operations coordinator and Radio communications dispatcher for our organization. With the advent of inexpensive radio scanners, we are finding an ever increasing number of people monitoring our frequency at District 38 races. Kevie's radio transmissions are often the only insight that people have as to what LESAR does at the races, and Kevie is an outstanding representative for our organization. Kevie's professional radio communications were even showcased on a recent episode of Pinned TV. Kevie is a true asset to LESAR, I am proud to be associated with her and her entire family, who bring so much to every race that we attend. Kevie White.... Voice of LESAR? Or heart and soul? — *Scott Lawson, LESAR President*

I am proud to have been an off-roader for over 43 years now, and in all this time I have never met anyone who is a better example and ambassador for our sport than Kevie "Mama" White. — *Rick "Putt Putt" Wessels*

My mom is the greatest person! She is more than willing to do anything for anyone. She has always been very helpful and jumped in even without anyone asking. She has always volunteered at the schools, football games, she was a Girl Scout leader for 18+ years, always went to every race for my brother and helped everyone out there, now she does LESAR another volunteer organization in the desert. She is an awesome person and I only hope that I can do half as much as she has done for us and the rest of the people that she has helped and influenced along the way. — *Love Always, Kirsten*

My mom is an awesome person, she has helped everyone throughout the years. She has given us a hand with Girl Scouts and sports. She is a caring and willing person. Just by asking for help she is there to give as much as she can. I love her to death and she is my hero. — *Daughter Dani*

My mom Kevolyn Marie White has always been there for me, throughout my entire racing career, school and just life in general. With my mom attending every race I knew that I could win no matter what the cost. She has always been there with everyday life situations. All of my friends considered my mom their second mom. She was there for everybody equally. I love my mom with all my heart. Thanks for everything. — *Your loving (and favorite) son Allen White.*

No daughter could we be more proud of. Kevie all her life has been a fair and helpful person. With two daughters she donated many, many hours of time to Girl Scouts, with one Son who raced desert events and a husband who drove Baja Bugs, ATving has been her life. She does her volunteering 100% — *We love you, Dad & Mom*

My sister Kevie is the most loving, caring person I have ever met besides my mother. Kevie is the epitome of how people should act and treat one another. — *Brother - Leonard Duncan*

My oldest sister is probably the nicest, most considerate person I have ever come across. She is ALWAYS there to help when needed. From the smallest task to the biggest. She cheerfully steps in, usually on short notice and helps somebody, whether personal, business or some organization get their problem solved. She has made my life a pleasure and I love her and thank her for that. — *Brother - Loren Duncan*
